News Ben,

My name is Peter Guedel and I have lived on Milk & Somers since 2000. First and foremost I have always advocated the growth of ones property.

Unfortunately I want advocate the expansion of Jans Loo property, partially because of the adult birds that will surely be moving in. Jans & his girlfriend are both great people (went camping with him last year) but the adult birds have the police over their heads when it comes down and they are wrong, there any way.

and second that expansion greatly encroaches the other property's space. If a lawsuit of the constant police visits and assault charges at that residence feel free to call Wright County Sheriffs office. Its public record. We dont need another drug house in the neighborhood.

I feel like myself have an obligation to do what's best for Jans and phobias but for the neighbors such as a whole. These birds take advantage of Jans. And ill get more if they even for that. Thanks for having my emergency
