RE: Joel Hanak

3806 Crestwood Dr NE

Alexandria, MN 56308

To whom it may concern,

My wife Kathy and I have been neighbors with Joel for more than 16 years.

Joel over the past couple of years has been making progress on improving his property. This includes new siding, windows, doors, garage door, paint, fascia, soffits, landscaping, propane to natural gas and interior work. Replacing the deck was near the end of his list along with new shingles. The results are very noticeable and a huge improvement from what it was.

We have reviewed his deck plans and really like them, it will complete the house, add value and appeal the to neighborhood. We see no issues with site line or size of the deck.
